<p>Times Table Focus:</p> <p>Keep practising those times tables! Work on answering 11's quickly. Can you learn your 12's too? It's not as tricky as it looks! Once you've practiced your multiplication facts for these numbers, can you practise your division facts too?</p> <p>Try revising the 11 times table using the following super movers clip - https://www.bbc.co.uk/teach/supermovers/ks2-maths-the-11-times-table/z464nrd</p> <p>Now challenge yourself by playing hit the button for the 11 times table - https://www.topmarks.co.uk/maths-games/hit-the-button</p>		<p>Key Skills Practice</p> <p>Practise your division skills using the bus stop method which we learnt during our last cycle. Can you divide a 3-digit number by a 1-digit number?</p> <p>i.e. $467 \div 4 =$</p>
